Introduction, Methodology and Approach

East Suffolk Council was awarded funding through the Welcome Back Fund to support the safe return to high streets and help build back better from the pandemic.

Aim of the study

The aim of the study was to survey East Suffolk’s town centre businesses and users across our 12 key towns & villages to understand the impact of Covid-19 on businesses and town centre users to support future intervention plans.

We produced qualitative stakeholder surveys to town centre businesses and users across all 12 of East Suffolk’s towns, including Aldeburgh, Beccles, Bungay, Felixstowe, Framlingham, Halesworth, Leiston, Lowestoft, Saxmundham, Southwold, Woodbridge and Wickham Market.

This report presents the results for **Beccles**.

East Suffolk Towns
Aldeburgh
Beccles
Bungay
Felixstowe
Framlingham
Halesworth
Leiston
Lowestoft
Saxmundham
Southwold
Woodbridge
Wickham Market

Introduction, Methodology and Approach

Research methodology

As part of the research plan, we interviewed consumers and businesses using a mixed methodology (face-to-face, online and telephone interviewing). Our surveys (consumer and business) were incentivised with a free prize draw (£100 high street vouchers).

We conducted face-to-face interviews with consumers at each of the twelve town centres. We created QR Code linked to the face-to-face consumer survey. Those wishing to take part in the consultation but unable to do so 'on the spot' were offered a chance to upload the survey onto their phones so that they could submit the responses in their own time.

Businesses were targeted via an online survey. We engaged with town centre businesses by using the existing local business networks and partnerships as well as with the support of the Economic Development and Communications Teams at East Suffolk Council. We then targeted businesses by phone, as an additional resource for targeting specific town centre businesses in order to top up any towns which prove hard to reach using the online method mentioned above.

Overall, the results of the study are based on 1517 interviews with town centre users and 492 interviews with local businesses. This reports is based on a sample of 126 consumer interviews and 42 interviews with local businesses. Interviews were conducted between December 2021 and February 2022.

Sample of interviews		
East Suffolk Towns	Consumers	Businesses
Aldeburgh	126	42
Beccles	136	54
Bungay	121	40
Felixstowe	136	48
Framlingham	119	38
Halesworth	116	36
Leiston	122	40
Lowestoft	162	46
Saxmundham	138	50
Southwold	122	40
Woodbridge	129	44
Wickham Market	89	18
Total	1517	492

Town centre users - Contents

Town centre businesses – Opinion scores

What priority does your business currently give to?

1 = Very unimportant, 5 = Very important, 6 = Don't know

Please rate the different types of competition in relation to your business:

1 = Always a problem for me, 5 = Never a problem for me, 6 = Don't Know

What two suggestions would you make to improve the town's economic performance?

How to improve the town's economic performance:

- Increase in leisure facilities and more entertainment and events to encourage people in to town centre.
- Retail key services (banking)
- Free up the parking in town centre / lower parking charges (particularly when town is quieter)
- Parking for coaches, caravans and campervans / better coach drop off facility (suggestion - layby opposite Twyford's)
- Improve signage
- Lower business rates / encourage more businesses to move in
- Remove planters in centre.

Priorities	East Suffolk	Beccles	Difference
